

Traffic, Travel and Transit Info

511/ITS Regional Workshop Future Directions for Travel Information

October 1, 2009

New York State Department of Transportation

I-95 Corridor Coalition

Welcome!

❖ **Current Trends and Opportunities to Discuss Future Strategies**

- Innovation ‘Sandbox’
- Mobile Applications
- Regional Interoperability

❖ **Lunchtime Speaker on Open Source Data**

- Nick Grossman of The Open Planning Project (TOPP)

❖ **Guidance Through Breakout Sessions**

- *Future Direction of Transit Info*
- *Next Generation Probe Data*
- *Outreach and Promotional Partnerships*
- *XML Data Feeds*

Framing the Agenda

- How can the public sector influence the market? Where do we need the market to go?
- Where is the private sector taking government?
- How can open source methods expand data and promote full regional interoperability?

Capture Ideas On:

- Issues, gaps and opportunities
- List of next steps relating to discussion topics
- Ideas on process for continuing interaction
- Suggestions for advancing regional interoperability

Logistics

- Time management
- Breaks
 - Opportunity to identify priority issues for breakout discussions
 - Add additional questions to address
- Breakout sessions
 - Facilitated forums
 - ❖ Issues, gaps and opportunities
 - ❖ Next steps to support continued interaction
 - Report out

On With the Show!
